

Special Support Project

You may have already heard of **The Christian Mission of Ban Naratchakwai** in Nakhon Phanom, Thailand.

John and Maeo Middlewood

Last Christmas/New Year **ACMissionZ** (our mission outreach organisation) organised and sent an international Work Team—**"Project Nehemiah"**—to assist **Missionaries John and Maeo Middlewood** to build a **perimeter wall** around the church building and grounds. Team members also went into local schools to **teach students English**. The project was highly successful: Funds were raised and the project was paid for and completed. In fact enough funds were raised in advance that the mission was able to complete construction of their **new church building/worship centre** before the team arrived, and purchase and prepare over 300 **"Kits 4 Thai Kids"** for the team to give

away while they were there. After the team left there was still enough finance to make a start on the mission's next project: The first of two **dormitory buildings** is now 80% finished subject to further funds being raised.

The next exciting chapter in the Mission's development is that it has just recently been officially recognised as the **newest Advent Christian international field**.

The challenge now is to **establish the Mission officially as an organisation** within Thailand, which is of course a Buddhist nation. There is an element of urgency here as this needs to happen before the end of 2007, or the mission will not be able to operate. **Time is now ticking away...**

John Middlewood has been working with **Advent Christian World Outreach** in USA to compile the necessary paperwork to submit to the Thai Government, and this is all but ready to go. Along with the paperwork, however, there needs to be **a deposit of NZ\$3,850**. Of course the Thai Mission have no funds apart from what is provided through God's people...

Here's where we come in:

ACCONZ has volunteered to urgently raise the \$3,850 so that the mission's registration process can continue.

We Need Your Help:

Would you please consider investing in this special project?

We in the West are wealthy compared to our Christian family in Thailand.

The NZ Dollar goes a long way in Thailand: 1 NZ Dollar = nearly 25 Thai Baht
